EDUCATION

B.TECH (ECE)
GIETU, Gunupur, Odisha
07/2020 - Present

Intermediate
Vikas Group Of Institution, Bhawanipatna
06/2018 - 05/2020

PROJECTS

E-COMMERCE ⬈
- Developed an e-commerce platform, skillfully employing HTML, CSS, JavaScript, and React to ensure an engaging frontend experience. To enhance the payment process, I integrated the secure and reliable **Stripe** platform, ensuring a seamless and trustworthy shopping experience for users.
- The primary objective of this project is enhancing user interactivity with modern design and animations, supported by a robust content management system for seamless product management.

WEATHER FORECASTING APP ⬈
- Developed a weather forecasting application, skillfully utilizing frontend technologies such as HTML, CSS, and JavaScript to ensure a smooth user interface and experience.
- This application features a user-friendly interface, providing users with easy access to accurate and up-to-date weather information like including temperature, humidity, wind speed etc., enhancing their experience in staying well-informed.

NEWS WEBSITE ⬈
- Developed a feature-rich news website using a modern technology stack, including **HTML, CSS, JavaScript, and React**, to provide users with a dynamic and engaging news consumption experience.
- Implemented a responsive and user-friendly platform with modern UI/UX principles, seamlessly integrating real-time news feeds and third-party services via news source APIs to enhance content offerings and user engagement.

WORK EXPERIENCE

Content Creator
Silverlabs India Private Limited
07/2022 - 10/2022
Achievements/Tasks
- During my internship, I wrote content for various platforms, including blogs, and articles.
- Acquired video editing skills, created engaging content, introduced new content types, and demonstrated strong time management skills by consistently meeting deadlines, earning positive feedback from supervisors.

SKILLS

HTML   CSS   Javascript   React.js   Java   OOPs   Python   DBMS   Bootstrap 5   Git   Github

ACHIEVEMENTS & EXTRACURRICULARS

Participated in the International ECE Conference hosted by GIET University.

Elite + Silver batch in python from NPTEL

Actively participated and won prizes in multiple event quizzes and games.
